

REUSABLE WATER BOTTLES SPONSORSHIP

Please supply bottles that are environment-friendly, wide-mouth and made of glass or stainless steel.

- Glass and stainless steel are recyclable and durable, providing a lasting advertising medium for your organization.
- The bottles should be preferably made regionally or at least in Europe, so transport emissions can be reduced.
- Please note: To ensure the bottles can be easily refilled at all water dispensers, they **SHOULD NOT** exceed the maximum height of 25 cm.
- Number of bottles required for sponsorship: **3,800**

Important! The bottles should NOT be packed individually or in plastic foil. Additional fees will apply for waste disposal.

Here are some samples:
