Regular Workshops:
(without Proceedings)

Submission Template
ISC 2026

A regular workshop (without proceedings) proposal should typically contain the following sections:

1. Name:
    a. The short name of the workshop should be memorable and hopefully illustrative of what the workshop covers.
    b. Mention the edition number if it is a returning workshop
        i. If the workshop used to be held with another conference (not ISC), explicitly state it.

2. Short description
    a. Mention the workshop scope
    b. Make a list of topics of interest for the call for participation.

3. Relevance and Workshop Goals
    a. Mention the impact that the workshop will have on the community and the ISC audience.

4. Target Audience
    a. Mention the type of audience the workshop is targeting - academic/industry/practitioners/students etc.
    b. Mention expected audience numbers.

5. Agenda/Planned Schedule
    a. What will the workshop program look like? Do you plan to hold some keynotes, invited talks, panels, discussion with the audience?
        i. Please list the names of intended speakers (tentative).
    b. Plan the half-day or full-day workshop agenda from the timings given on the ISC website.

6. Previous Editions of the Workshop (if returning workshop)
    a. Mention the attendance observed in past editions.
    b. Mention the number of talks and the length (half/full day) of the past editions.

7. Advertising Plan
    a. Mention how you would advertise the workshop.
    b. Which mailing lists, social media handles will be used?
    c. Mention the link to the website if already created.

8. Organizing committee members
    a. Some of the typical roles are:
        i. General Chair(s)
        ii. Publicity Chair
        iii. Web Chair
        iv. Steering Committee

9. Short (300-ish word) bios for the organizer(s)
    It should demonstrate why you are the right person to organize this workshop.
